From: Lesha Rasco & Jennifer Johnson NVT Program Directors

Good Morning,

Hope this email finds you well. It has been a very exciting couple of weeks as we reopen the office. It was so great to see many of you. Thank you all for your patience and support as we adjust to the new normal. This week we are connecting with schools to confirm summer ESY for our school clients and are evaluating the guidance for future in home services for our insurance clients.

We wanted to update you that due to the pandemic and changes in expected summer services, the delivery of services and the changes brought about through the exposure plans we have had to adjust our calendar, [here](#). If you would like a physical copy of the calendar or have any questions how this may impact your child's schedule, reach out to your Behavior Analyst. We did our best to make changes that will minimally impact your child's access to needed therapy/programming. Once again, we appreciate all of our families' ongoing understanding of the changes that COVID-19 has brought about. If at any time you have feedback and or suggestions about the day to day operations and how we might be able to additionally support our clients and families, please reach out to Lesha or Jenn.

Reminder that you can find our exposure plan, the plan that outlines how we are following the guidance of the state of Vermont in reopening and keeping our clients, staff and families as safe as possible on your website sdplus.org.

Enjoy the sunshine.
